

ARI FIRST TO LAUNCH “TRAIN THE SIMULATOR TRAINER AND ASSESSOR” COURSE IN INDIA !

Certified by DNV-GL and based on IMO Model Course 6.10

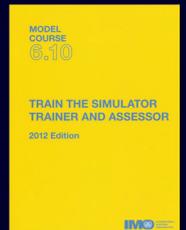

With 20 years experience in simulation technology and maritime education and training, ARI provides a comprehensive DNV-GL certified training program for simulation trainers and assessors.

A practical oriented program based on IMO Model Course 6.10 for personnel who are either planning, or are currently conducting, training programs on maritime simulators. In line with Section A-1/6 of the STCW 2010 Convention, the program focuses on appropriate guidance in instructional techniques for training on simulators. At the end of the course, participants will be able to conceptualize, plan, conduct and assess simulation programs.

If the simulator is the tool, the simulator trainer is the hand which guides it.

Venue: At clients' premises with their simulators OR at ARI, New Delhi

Duration: 5 days

FULL MISSION ENGINE ROOM SIMULATOR

FULL MISSION HIGH VOLTAGE SIMULATOR

FULL MISSION LIQUID CARGO HANDLING SIMULATOR
